

# Cost savings by switching to ColomPac® (1)

## Initial situation

- simple brown cut - cost-effective
- extremely complex handling:
  - mount packaging
  - fill with goods
  - close with adhesive tape
  - bundle 2 times across
- 2 people are needed to pack one item (bundling machine)
- no opening mechanism

## Change over to ColomPac®

- ColomPac® standard packaging with individual print
- easy handling
- quick closure with ColomPac® self sealing
- easy opening thanks to tear-open strip
- saving the tape and the bundle tapes
- saving of staff

# Cost savings by switching to ColomPac®(2)
